Owl band nails down sweepstakes award

Hondo High School's band has won its first sweepstakes award in four years, after taking first division ratings in both concert and sight reading at Fredericksburg Saturday.

Contributing to the coveted award was the band's first division rating in marching last fall.

It was a banner day for Hondo school musicians, with the junior high band winning a special award for the second consecutive year.

Both bands are directed by Billy Harrell. Some comments made about the Owl Band were as follows:

Herb Karnau; "This is such a musical group. Wow! I would like to hear a whole concert by you! You have a very fine band and a very fine director."

Victor Lozano; "A most beautiful band. Very well rehearsed. McBeth (composer) would have liked what you did. Congratula-

tions to you and your fine director."

Bob Lewis; "Congratulations to a truly great band and your most excellent director. You are a great credit to your school and to your community. It is a thrill for me to award you a first division for superior performance."

Dan Schreiber; "Your sight reading sounds more like a performance than sight reading. This is the best job of reading I've heard yet -

just great. The Owls can really HOOT about sight reading."

Some comments made about the Junior High Band were as follows:

Bob Lewis; "A beautifully balanced band. Congratulations to your band and your director. Keep up the excellent work."

Dan Schreiber; "Such a fine job of teaching being done here. Fine job of learning,

too."

Herb Karnau; "This group plays musically. Real fine sounds. This is a reflection on both students and their fine director."

"Both the Owl Band and Junior High Band would like to express their appreciation to the Administration, School Board, and members of the community for their support which enabled them to achieve these awards," said Harrell.

Flames level home

Fire of undetermined origin destroyed a two story house on the Cheseda Ranch Monday night. The ranch is about 12 miles northeast of Hondo on the old Bandera Road.

Firemen said the alarm came in about 9:30 p. m. and flames could be seen from US 90 at Bandera Road. The house was almost completely destroyed by the time firemen reached the scene.

A smaller house nearby did not burn. Firemen said sparks bounced off the smaller building's metal roof.

The blaze was one of a series of alarms answered the past few weeks by Hondo volunteer firemen. Most of the alarms are turned in for brush fires.

ENJOYABLE VISIT

Several weeks ago I had the pleasure of talking to a class of Future Homemakers of America at D'Hanis. I am not certain they received any pleasure in the talk about journalism, for I'm sure I covered too broad a scope.

Following the talk Superintendent Roy Kile gave me a tour of the D'Hanis school system. And I can tell you right now he is proud of that system. In fact, from all I can hear the entire district takes great pride in the school and its students.

One interesting spot in the school was the art room where students fourth through

Connally's comments

## 100% state financing of schools proposed

By State Senator Wayne Connally

Austin, March 18-

Tomorrow I will introduce a legislative program which I hope will be but the first step on the road to fiscal sanity and soundness in the State of Texas.

Under our present public school program, the Legislature sets the level of teacher salaries and school services but pays only 80% of the costs.

Local school boards which have no voice in the formulation of this program have the responsibility of raising the remaining 20% of such costs.

In the next biennium, beginning Sept. 1, 1971, local school districts will have to raise \$439,000,000 as their share of the minimum Foundation School Program. This is in addition to the many millions of dollars they must raise to pay for the costs of construction and operation of their schools.

This present practice violates the basic political and economic principles upon which our State and nation were founded. We need to

return to the basic principle that any unit of government which proposes programs to benefit the public should also have the full responsibility for finding the money to finance such programs.

Our present program of financing public education disregards sound economic principles by its reliance on the ad valorem property tax as the sole base of support at the local level.

Not only is the ad valorem property tax inequitable and unjust, but it is fast approaching its maximum economic and legal limitations. Today, our educational system, with its rapid development brought about by the acts of the Legislature, needs a fast growth-tax base to support it. Ad valorem taxes on the local level can no longer supply these revenue requirements.

School boards and city and county governments are desperate. The ad valorem tax, which is their basic source of revenue, is already strangling the people and

simply cannot provide the kind of revenue that is necessary to meet growing needs.

Lawsuits are being filed almost daily to prevent school districts from increasing taxes, and an interim committee of the Legislature studying delinquent ad valorem taxes estimates that there is presently one billion dollars uncollected, statewide. Local taxing authorities have their backs to the wall in meeting the obligations thrust upon them by a combination of community growth and the burdens created by actions of the Legislature.

I am convinced that the people of Texas are highly displeased with single shot stop-gap tax measures and with fiscal "hide and seek" games. It is time we faced up to our needs in a responsible manner and passed a sound, sensible plan that will place a fair share of the tax burden on all Texans.

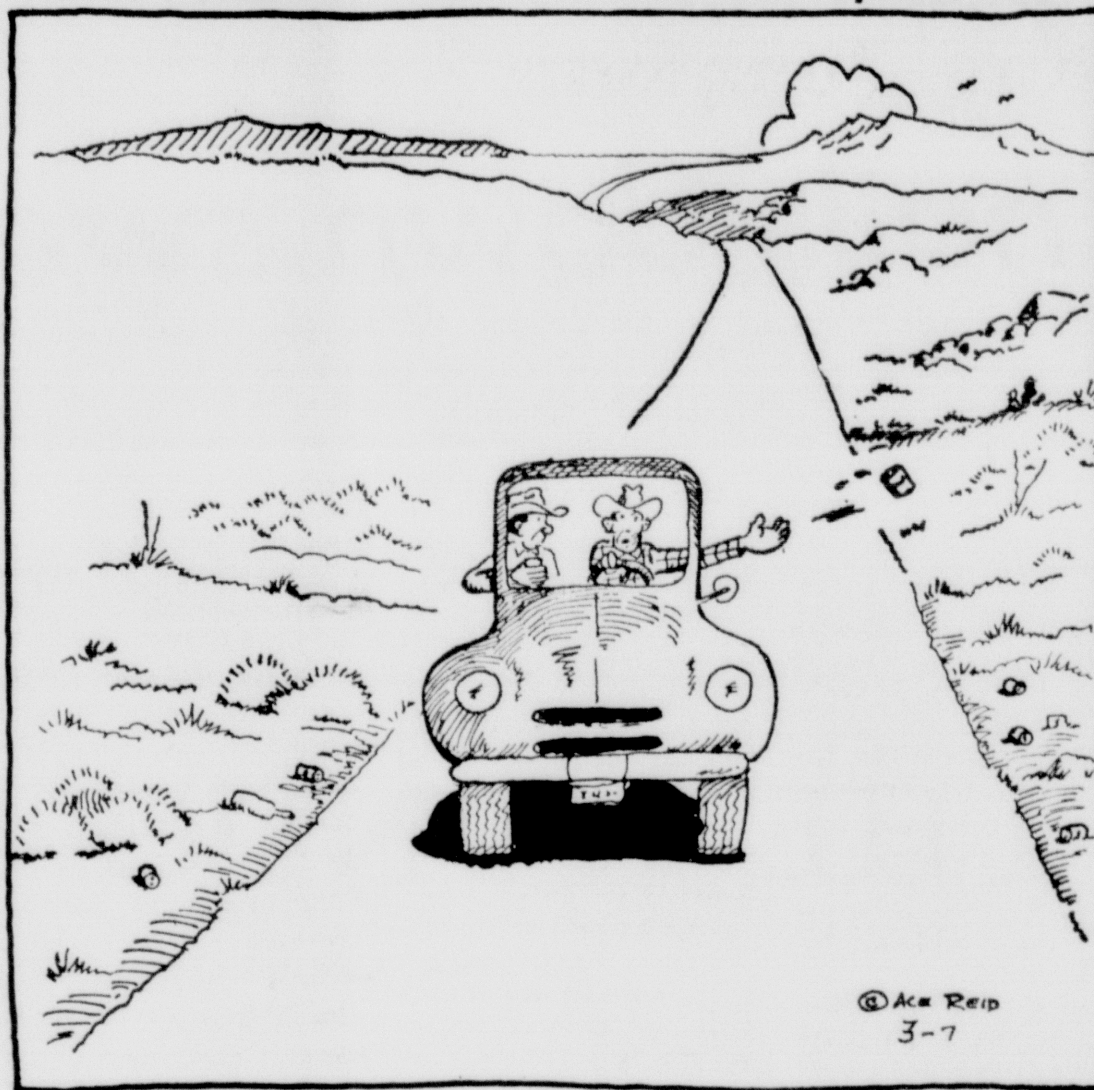

My bill provides that the State shall assume 100% financing of the Foundation School Program, thereby releasing \$439,320,000 of the total amount to be raised through the local ad valorem property tax assessments.

I will, at the appropriate time, submit as an amendment to the House-passed tax bill this substitute revenue plan: an increase in the Corporate Franchise tax by 75 cents and a 1-penny increase in the sales tax, both figures above the House recommendations, providing in aggregate \$458,000,000.

In conclusion, we must provide a tax base with built-in growth to match our growing needs, and stop begging aid from the Federal government - borrowing money from our retirement funds - and buck-passing the burdens of taxation back to local school boards.

I will be happy to present statements by anyone from my legislative district who can not attend. I would think that this would be of great importance to Chambers of Commerce, Industrial Foundations as well as any political subdivisions of the area.

TURKEY HUNTING LICENSE - Representative J. Garcia, of Raymondville, has introduced House Bill 828 to provide for issuance and fee and requiring a turkey hunting license. The bill provides for an annual license fee of \$3.25 of which 25¢ would be retained by the issuing officer. The legislation would be very similar to the existing deer license and would be used to account for the number of turkeys killed each season. At present, there is no accounting statewide or by county nor is there any way of knowing if the hunter has just killed his first turkey or his tenth turkey.

Harry Filleman, manager of the Hondo Chamber of Commerce, has announced three more memberships in the chamber.

Joining recently were C. J. Jackson (Half Circle Body Shop), Joe Fohn's White Auto Store, and Mrs. Winnie Braden.

I would like to hear from my constituents about this bill. I had not heard it discussed previously on the local scene and I would certainly welcome the comment from land owners and hunters alike.

PUBLIC AID TO PRIVATE SCHOOLS - My mail has been moderate in regard to House Bill 301 which would permit public aid to private schools. The vast majority of letters have been for the proposal as I have received only two letters in opposition. Interest in this legislation appears to be increasing and it is my understanding that a bill, permitting public aid to private colleges and universities, will be reported out of the Appropriations Committee this week. If this happens, it will probably "set the dye" for House Bill 301 and other items of legislation in this category. Again, I welcome any comment either for or against this issue.

the eighth seem to have a fabulous time painting and creating to the limits of their imaginations. The class is held only three days a week, but the students love it so I am told that Mr. Kile's children say to him: "When you schedule an assembly, please don't schedule it on art days."

As a small school D'Hanis is under the firing block as far as the statewide trend toward consolidation or merging is concerned. And the people don't want any of that; they want to take care of their own. That is one reason why I am told you seldom ever, if at all, hear a person over there gripe about the school taxes.

TEST TRACK VALUE

Harry Filleman and I spent an enjoyable two hours last week visiting with the people out at the D'Hanis Test Tract operated by the Automotive Research Associates out of San Antonio.

Manager or Superintendent Lloyd Santleben showed us around with the help of one of his supervisors who drove us around the 5-mile oval track.

The D'Hanis operation has some 74 employees and it could increase should the 3.5 mile stretch of gravel road from the old Uvalde highway to the test track ever be hardtopped. In fact it might increase the workload by from 25 to 75 additional cars, thus increasing the personnel accordingly.

Santleben said that most of the employees now live in D'Hanis, Hondo, Yancey and Devine, with others scattered about elsewhere.

It is an unique operation and one that helps boost the economy of the area. It would certainly be nice if it could expand.

M&amp;M (Museum Mustaches)

New converts to the task of publicizing the May 1 Museum Day by growing a mustache include: Whitey Zinsmeyer, Harold Herring, George Brucks, Gene Harrison, David McGraw and Don Leinweber. Of course, there might be others, but we have to know about them. I know I would have a much longer list if I would print the pictures of those who say, "no, not me." And this includes a couple who made the suggestion we get this thing started.

We still need items for the Auction . . . antiques, collector items, old items and anything else that people might bid on and buy.

SILENT CANDIDATES

There is one thing sure about whoever gets elected to the City Council or Mayor in the April 3 election. They won't have to worry about catching themselves in a lie. For they haven't told the public why they want the office or what they intend to do if they are elected.

I am disappointed our candidates are being so silent. This town needs some energetic action to cure some of its ills and head off other problems before they become ills. We will never do it if people who run for office don't have goals or objectives -- and let the people know them.

## Mohair growers to vote on referendum

The Department of Agriculture has announced that a mail referendum among mohair growers will be held April 19 through April 30 to determine the approval of a proposed new agreement between the Secretary of Agriculture and the Mohair Council of America.

The agreement provides for the Secretary to withhold up to 1-1/2 cents a pound from producers' payments on mohair sold during 1971-73. The payment deductions, authorized by Section 708 of the National Wool Act, would be used to finance advertising and promotion programs for mohair and mohair products.

The new agreement is similar to the present one. By approving it, producers would authorize deductions of up to 1-1/2 cents per pound on mohair marketed, the same rate at which deductions have been made the last four years. The agreement was requested by the Mohair Council and is supported by the Texas Sheep and Goat Raisers' Association.

The referendum will be conducted through county ASCS offices. The county offices will distribute copies of the agreement and ballots to mohair producers in April. Producers can cast their ballots by mailing or delivering them in person to reach the county ASCS offices by the close of the referendum.

Anyone may vote who has owned Angora goats, six months or older, for at least 30 consecutive days during 1970. The agreement requires approval by two-thirds of the total number of producers voting, or by producers of two-thirds of the volume of production represented in the referendum.

## Social Security

# Bigger social security checks coming in June

First checks to include the new 10% monthly benefit increase enacted by Congress and signed into law by the President March 17 should reach 2600 Medina County social security beneficiaries on June 3. The regular June 3 checks covering benefits for the month of May will reflect the new higher monthly amount. Separate checks, scheduled to reach beneficiaries later in June, will cover the amount of the increase for the months of January, February, March and April.

Roy L. Swift, social security district manager in San Antonio emphasized that social security beneficiaries will not need to get in touch with a social security office to get the checks. The payments will be mailed to beneficiaries automatically.

It will take a little over one month, the social security

official said, to refigure the benefit amounts for all beneficiaries. The refiguring of benefit amounts is being scheduled so as to avoid delay in the regular delivery of the April 3rd and May 3rd checks. Those checks will be for the amounts payable to beneficiaries before enactment of the 10% increase.

By the first of May, the new records will have been produced by the computers on magnetic tapes showing the new monthly amount for each beneficiary and the amount of his retroactive increase. The Treasury Department will need the month of May to print the checks and turn them over to the Post Office Department for delivery to social security beneficiaries on June 3.

Following are examples of how the new provision will raise the amount of benefits being paid to one person:

OLD LAW	NEW LAW
\$ 64.00	\$ 70.40
80.00	88.00
100.00	110.00
125.00	137.50
150.00	165.00
190.00	209.00

Ordinarily a man and wife about the same age, will receive one-and-a-half times as much as the single person.

If you have any questions regarding your social security, see your representative when he is in your area. Your representative, Mrs. Fry, will be in Hondo at the Council Chamber of the City Hall on Monday, March 29, at 8:45 a.m.

# Locals quoted recently in Congressional Record

To be quoted in the Congressional Record might not be the rarest thing in the world, but then not too many average Americans find themselves there.

So it just might be worth bragging about when several

Medina County residents were recently quoted in the Record.

Congressman Abraham "Chick" Kazen spoke in Congress on behalf of the MAST (Military Assistance to Safety and Traffic) and during his talks on the floor of the House of Representatives he quoted the following persons:

Mayor Franklin D. Keller of LaCoste--"Please do all you can to have the life-saving service of MAST continued and expanded throughout our area. I feel this is a very worthwhile service and by all means should be continued."

County Sheriff Charles J. Hitzfelder--"I have had occasion to call for the MAST service several times, and I have been very happy with the results. Please add my endorsement for continuation of a program that permits these able Army air medics to be essential in the life-line of

service in times of emergency."

Faye E. Walker, Hondo City Secretary--"As a citizen of Medina County, I urgently request your interested action in retaining the emergency helicopter ambulance service as a permanent service."

Burnis Lawrence, Hondo

Anvil Herald--"We are highly in favor of continuing the project."

Mayor Samuel H. Tschirhart, Castroville--"It is with sincere appreciation that we acknowledge the service rendered our community by MAST. Daily we learn of the many lives that have been saved by its immediate availability--when minutes can mean the difference between life and death. City Council and other citizens join me in saying 'thank you' from a grateful community."

# Story of Israel film due Tuesday

Across a barren land, scarred by centuries of war and neglect, the spectres of ancient Israel appear, hover, and fade away. Suddenly there is movement of a different sort, and slowly, steadily, a startling transformation begins to take place.

Thus begins "His Land", the thrilling story of Israel from ancient to modern times. "His Land", a one-hour color feature motion picture, takes you on a journey through space, time and current events.

"His Land" will be shown at 7:30 p.m. on Tuesday, March 30, at Holy Cross Parish Hall, D'Hanis. Free-will donations will be taken after the movie.

The public is welcome and the show is open to all denominations.

# That's all she wrote

by Edna McDade

Subject of a new historical booklet, of interest to Medina Countians, is the story of General Adrian Woolf's Invasion of San Antonio and the Battle of Arroyo Hondo. (Sept. 22, 1842).

Its author, JIM MENKE, sent me a copy which I have enjoyed reading. A foreword explains "This is no attempt to create a literary piece but is rather a means of bringing to the reader some of the exciting incidents . . . in the history of Medina County."

Jim, whose wife is the former DORIS MOEHRING of Hondo, is doing much research on the history of his "adopted" county and he has been kind to include me on reports of his progress.

Interested readers may write to him at 2032 Georgia Street, Baytown, Texas 77520, for additional information about his booklet.

\*\*\*  
If GEORGE and EVELYN PLETZ of Devine are seen in Hondo more frequently these days, one reason might be their interest in a very young man whose parents, RONNIE LEE and MARY (Pletz) BURDEN live on Ave. R.

Lee Jr's daddy is district sales manager for an automotive concern and travels out of Hondo.

\*\*\*  
"All I want to do is to grow big as Grandpa and feed corn to cows", CHRIS MARTIN, who has reached the ripe old age of 3, informed me when I met him in the local ASCS office recently.

He is the son of JAMES and JOYCE (Wiemers) MARTIN of San Antonio and is a frequent visitor, along with his parents and baby sister, in the home of his grandparents, WILKES and MAYBELLE WIEMERS.

\*\*\*  
LOUIS RUCKER's story two weeks ago brought him "fan mail" from a former Hondoan and a contemporary of WINNIE BRADEN and his other children.

A letter from Mrs. MYRA (Strawn) WEISS, now of SA, said she recalled a happy childhood "when my mother played the pump organ in the Rucker home and when Mrs. Rucker patiently turned the turntable on the gramophone when its spring broke, just so it would play to feed our hunger for music."

Mrs. Weiss also said she had been an ANVIL HERALD subscriber "for all these years" to keep in touch with news from her old hometown.

We love you, Mrs. Weiss.

\*\*\*  
MARIE (Mrs. Wayne) SIGLER was busy at her desk, as were all her co-workers in the ASCS office recently and I commented that theirs must be one of those never-ending jobs (for which they can be grateful!).

She said, "Yes, somedays we can hardly keep our heads above water, but we enjoy keeping busy."

I had to reply that in these drouthy times, that should be easy!

\*\*\*  
The Easter bunny, we can have say EVELYN (Mrs. Dan) HERRMANN and JOYCE (Mrs. Walter) KRIEWALD. The ladies are airbound (April 12) for Ramstein AFB, Germany, and other points of interest in that area.

Evelyn is to meet her 10-months old grandson for the first time since STEVEN's parents, STAN and ELAINE (Herrmann) REINHARD left for their foreign tour of duty before he was born.

Bon voyage and happy landings is about all we stay-at-homes can say to the two happy tourists.

\*\*\*  
DIANA MOYLAN is the "lass from down-under" whom some readers will remember as the energetic young woman who spent several weeks last year with the LOUIS (Betty) BOEHLES, pursuing her interest in animal husbandry and specializing on the study of Angora goats.

She returned home last month, after completing her travels in England, Scotland and Africa. I had a delightful letter from her this week in which she reported "Cattle here are in prime condition, with this year's calf crop one of the best we've had. I shall be experimenting with the semen breeding of Simmental bulls to Hereford and Australian black cattle."

Diana added, "As yet, I don't believe lot feeding to be an economical proposition here."

All business is Miss Moylan and a charming girl who is included among my treasured young friends.

\*\*\*  
The 4-year old grandson of GILES KNOWLES knows 'zactly what he's going to be when he grows up. He told me so himself.

"I'm going to be a school teacher man, that's what. And I'll teach kids how to fly kites -- in a airplane," he added as a considered after-thought. Better register early for that course!

## Cards of Thanks

I wish to thank each and everyone for the beautiful flowers, cards, gifts and visits during my recent stay in the Medina Memorial Hospital. Especially do I want to thank Rev. Hanneman for his visits and prayers. Dr. Parker Meyer and the hospital staff, also my employer, Mr. Bob Woodward. Your thoughtfulness will always be remembered.

We wish to thank our many friends and relatives for the acts of sympathy and love extended to us during the illness and loss of our loved one. Especially do we thank the doctors and nurses who brought comfort to him during his short illness. May God Bless each and every one of you.

To all who expressed sympathy with cards, food and flowers during our sorrow, we extend our heartfelt thanks especially Dr. Parker Meyer and the nurses at the hospital.  
Mrs. A. C. "Pete" Billings and Family

3-25-1tp

There are no words to express my gratitude for all the things which were done for me during my recent illness. I had hoped to write a personal "thank you" to each one, but I find that impossible. So, for the cards, food, visits, flowers and prayers, I say "thank you". There should be a special word to express my gratitude to Dr. Parker Meyer; to all the nurses and to Mr. Melvin Finger for their special care and interest in me, but "thank you" will have to suffice although it seems so inadequate.  
Mrs. Ida Sharp

3-25-1tc

Our heartfelt thanks to all who extended comforting sympathy and help in our recent sorrow. For the beautiful service, flower offerings, and other kindnesses, we are deeply grateful. Special thanks to Rev. A. M. Hanneman and Rev. Emmett Carolan for visits and prayers. Also the staff and doctors of Medina Memorial Hospital.

## April draft call is 1033

The April draft call by the Department of Defense is for 17,000 men, all for the Army. Colonel Melvin N. Glantz, State Director of Selective Service for Texas, today announced the April draft call in Texas as 1,033.

Most of the men selected for induction in April will come from the first priority group for 1971, however a few men in the extended priority group, who were needed by their local boards to fill the March call, but who were unavailable for induction in March for several reasons, will be included.

Glantz said the limitation on lottery numbers for April would be the same as in earlier months of 1971. He explained that no one in the 1971 first priority group with a lottery number above 100 would be inducted.

The State Director said the pre-induction physical examination call for Texas in April will be 4,001 men.

Glantz pointed out that the special call by the Department of Defense for Doctors and Dentists, which is being processed within the next few days, is separate and apart from the regular draft call.
